Abstract: As the above title indicates, because of the publication schedule of Hungarian Cultural Studies this bibliography straddles 2014-2015, covering the period since the publication in the fall of 2014 of last year’s bibliography in this journal. Each year’s bibliography is supplemented by earlier items, which were only retrieved recently. Although this bibliography series can only concentrate on English-language items, occasional items of particular interest in other languages may be included.

For a more extensive bibliography of Hungarian Studies from about 2000 to 2010, for which this is a continuing update, see Louise O.
